Sonja, I'd love to have you here at 9, but I don't want to waste your time if you have other things to do, so if you can be here in an hour or less, I'd be happy to put you on call.

Hi Amanda-

I'm just checking in to get the status of the [REDACTED] case scheduled for trial tomorrow. Is it still going? Are you going to want me there at a set time, or would you rather have me on call? (I don't know where this case is on the list) Thanks.

I have the receipt and the cert, so I just need the Chemist packet. The fax number here is 503-322-4555.

Thank you

-Amanda

As of now, I don't have any other cases scheduled for Nov. 6, 2012, so I should be available if you need me. As for the packet, I should be able to get it to you by the 23rd of October. I may not be able to get you a copy of the drug receipt, though, as it may be stuck in the Boston lab (the State Police were only able to get a couple of file cabinets out of there before the AG's office stopped them). Is there a good fax number that I can send it to you? Thanks.

Sonja,

I'm not sure as to the current status with regards to your ability to make court appearances. I have you listed as a Chemist on the matter of [REDACTED], lab number [REDACTED]. The case is set for trial November 6, 2012, you will receive a summons for that day. Is there any way of providing the Commonwealth with the Chemist packet and your CV for this case by the 23rd of October?

Please advise.

Thank you,
